

## Tax credit for children's physical activities

---

The provincial and federal governments have established tax credits for children aged 16 and under to encourage physical activity at a young age by allowing families to register them at an affordable price.

Many of The YMCAs of Québec's programs are eligible:

- Family memberships
- Memberships for youth aged 16 and under
- Swimming lessons
- À la carte classes

Our day camp, summer camp and Spring Break programs are also eligible for the tax credit for children's physical activities. However, you must first claim these amounts as child care expenses. You can then claim any unused portion as an amount for children's physical activities.

Don't forget to **keep your receipts**.

If you did not keep your receipts, please contact your local YMCA centre.

Certain conditions apply (e.g. age or income). For more information:
